PREFACE

The Statistical Supplement is a follow-up document of Pakistan Economic Survey containing data for the entire fiscal year. It provides a comprehensive overview of the economic trends over the years.

Economic Adviser's Wing has made all-out efforts to compile and present detailed time series data on all sectors of the economy through the Statistical Supplement in hand, for convenience of researchers, academia and other relevant users. Soft version of the document can also be accessed at the Website of Finance Division.

I am extremely grateful to all the Ministries/Divisions/Departments/Organizations for their prompt and efficient response in providing the requisite data to Economic Adviser's Wing. My special appreciation for the hard work done by the officers and staff of the Economic Adviser's Wing in producing this document well in time.

Any suggestion for improvement of the Statistical Supplement would be highly appreciated.

(**Dr. Imtiaz Ahmad**)
Economic Adviser
