CIRCULAR

Subject: - **TWO (2) NOMINATIONS FOR ORACLE CLOUD BASED LEARNING UNDER DCO'S EXECUTIVE LEARNING PROGRAM**

Ministry of Information Technology & Telecom vide its letter F. No. DCO/2024/009/FM dated 11.6.2024 on the subject cited above. It is stated that the Digital Cooperation Organization (DCO) acts as global catalyst for digital innovation, collaboration, and inclusive growth. To support this commitment, the DCO has launched the Executive Learning Program under the DigiSkills Accelerator initiative. This program aim to align member states with the DCO's 2030 roadmap, emphasizing capacity building, upskilling, and reskilling individuals essential to our digital economy.

2.		DCO executive learning Program offers comprehensive technical training on the digital economy tailored for government representatives. The primary objective of this program is to enhance the digital competencies of government officials, leading to improved public service quality and more informed policy-making. DCO partnered with Oracle University to provide strategic training initiative. ORACLE University is the official education services provider of Oracle. Several Learning Pathways have been preselected for the Member States that represent the best practices for in-demand job roles (such as Cloud architects, Artificial Intelligence, Data Science, Machine Learning & Develop etc.) with pathways for professionals level training and certification

3.		In this connection, DCO's DigiSkills Accelerator has requested nominations from Pakistan for their Oracle Cloud Based Learning program. The training will be paid by DCO and will be conducted virtually. Nominees should fulfil the criteria specified in (Annex-B) and select the appropriate learning pathway that best suits their needs.

4.		All interested Officers (BPS-17 & above) of Finance Division are requested to furnish their nominations duly filled nomination form (Annex-A) recommended by the AFS/head of the Wing concerned, to **QA-I Section by 21.6.2024.**

ANNEXURE B

Executive Learning ORACLE through Oracle University

The DCO DigiSkills Accelerator is more than just an educational institution; it is a catalyst for change, driving the digital economy forward. Join us in this journey to empower, enlighten, and transform the digital landscape of our Member States.

DCO partnered with Oracle University to provide strategic training initiatives to the Member States.
ORACLE University is the official education services provider of Oracle. For more than 30 years, Oracle University has educated thousands of professionals around the world. The digital learning platform "MyLearn" – allows individuals access to a University Community where learners can get additional information, connect with peers and experts and access job boards.

Target Audience
Focus: Technical programs on the digital economy for **government representatives.** The nominees can be from the ministries MICT Departments, Department of Education, Department of Labor, Department of Economic Development or related.
OPEN TO ALL THAT

Outcome: Enhanced knowledge and improved public service quality. The DCO will roll out technical programs covering topics of the digital economy with a demand for expertise. The objective is to enable government representatives to enrich their knowledge about the digital economy.

Several Learning Pathways have been preselected for the Member States.
These were selection as they represent the best practices for in-demand job roles (such as Cloud architects, Developers, Artificial intelligence, Data Science, Machine Learning, DevOps...) with pathways for Professional Level training and certification. Ideal for training, reskilling, upskilling of the workforce, with an option to access Professional Certification exams.

Learning Pathways

The Oracle University Services shall consist of the following learning paths:
- Become an OCI Foundation Associate (including the certification exam for free)
- Become an OCI Architect Associate
- Become an OCI Architect Professional
- Become an OCI DevOps Professional
- Become an Oracle Cloud Data Management Foundations Associate

Digital
Cooperation
Organization
